DETAILED ACTION

Election/Restrictions

- 1. Applicant's election without traverse of Invention II claims 2-7, 9-31, 33, 35-37 in the reply filed on October 17, 2006 is acknowledged. Non-elected claims 1 and 32 have been cancelled.
- 2. Claims 2-7, 9-31, 33 and 35-37 are pending in the present application.

Claim Rejections - 35 USC § 112

- 3. The following is a quotation of the second paragraph of 35 U.S.C. 112:
 - The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 4. Claims 2-7, 9-24, 31, 33, 35 and 36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding independent claims 2, 31 and 33 the following limitation is vague: "computer-assisted" [note preamble of claim]. The examiner suggests changing "computer-assisted" to read "computer-implemented" for clarity.

Where applicant acts as his or her own lexicographer to specifically define a term of a claim contrary to its ordinary meaning, the written description must clearly redefine the claim term and set forth the uncommon definition so as to put one reasonably skilled

Art Unit: 2168

in the art on notice that the applicant intended to so redefine that claim term. *Process Control Corp. v. HydReclaim Corp.*, 190 F.3d 1350, 1357, 52 USPQ2d 1029, 1033 (Fed. Cir. 1999). The term "inventorying" in independent claims 2, 21, 31, 33 and 36 are used by the claim to mean "transmitting", while the accepted meaning is "to make a detailed list or survey." The term is indefinite because the specification does not clearly redefine the term.

Claims 2 and 21 recite the limitation "said asset document information" [see claim 2 line 6; claim 21 line 8]. There is insufficient antecedent basis for this limitation in the claim.

Claim 33 recites the limitation "the information" in line 8. There is insufficient antecedent basis for this limitation in the claim.

Claims 3-7, 9-20, 22-24 and 35 are rejected based on dependency.

5. Claims 2-7, 9-31, 33 and 35-37 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01. The omitted elements are: operational steps for automated "aggregation and authentication of asset documents" within the body of the claim. Note independent claims 2, 21, 25, 31, 33, 36 and 37 recite that the claim is directed to automated aggregation and authentication of asset documents, however the body of the claim omits such operational procedures. Independent claim 30 omits limitation that recite "means for managing commercial"

Art Unit: 2168

mortgage loans". Claims 3-7, 9-20, 22-24, and 26-29 are rejected based on dependency.

Allowable Subject Matter

6. Claims 2-7, 9-31, 33 and 35-37 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

7. Applicant's arguments, see page 18-24, filed March 3, 2006, with respect to the rejection(s) of claim(s) 1-37 under 35 USC 102(e) and 103(a) have been fully considered and are persuasive. Therefore, the rejections has been withdrawn.

However, upon further consideration, a new ground(s) of rejection is made under 35 USC 112 second paragraph.

Conclusion

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Ashenmil et al. US Patent 6,615,187 B1
Graff US Patent 7,107,239 B2

Art Unit: 2168

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

10. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Greta L. Robinson whose telephone number is (571)272-4118. The examiner can normally be reached on M-F 9:30AM-6:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tim T. Vo can be reached on (571)272-3642. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
